SEVENTH ANNUAL EPIDEMIOLOGY SUMMER PROGRAM

July 26—August 14, 1987
Tufts University, Medford, Massachusetts

The New England Epidemiology Institute and Tufts University will sponsor a three-week summer program in epidemiology at Tufts' Medford, Massachusetts campus, 8 miles north of Boston. The program includes both methodologic and substantive courses intended for those seeking an introduction to modern epidemiologic concepts as well as those desiring a review of recent developments in epidemiologic thinking. Thirteen courses will be offered, including Theory & Practice of Epidemiology (introductory and advanced levels), Biostatistics, Regression and Categorical Data Methods, Logistic Regression and Survival Analysis, Research Management and Microcomputers in Epidemiology, Clinical Epidemiology, Cancer Epidemiology, Nutritional Epidemiology, Environmental and Occupational Epidemiology, Reproductive and Perinatal Epidemiology, and Epidemiologic Bases of Public Health Policy and Law. Invited faculty include excellent teachers and prominent researchers from leading universities. Registrants may receive graduate degree credit, Continuing Medical Education credit (AMA Category 1) through the Postgraduate Medical Institute, or Certification Maintenance credits in industrial hygiene. PRINCIPLES OF EPIDEMIOLOGY

October 28–30, 1987
Washington, D.C.

The New England Epidemiology Institute will present a three-day course on “Principles of Epidemiology” at the Whitehall Hotel in Chicago, Illinois taught by Dr. Kenneth Rothman and Mr. Charles Poole. The course will be offered again at the DuPont Plaza Hotel in Washington, D.C. and will be taught by Drs. Kenneth Rothman and Stephan Lanes. Topics presented will include modern concepts in epidemiology and their applications to the study of etiology, natural history of disease, and strategies in preventive medicine and public health. No previous study of epidemiology or biostatistics is required. Registrants may receive Continuing Medical Education credits (AMA Category 1) through the Postgraduate Medical Institute and/or Certification Maintenance credits from the American Board of Industrial Hygiene.
