CIRCLE Interview Severe Incidents Selection Decision Tree

Are there at least two IDEAL Top Three: 2 Aggressive w/ Spillover Is there at least one aggressive incidents aggressive incident 1 Aggressive w/out Spillover WITH spillover? WITHOUT spillover? Yes Yes No No Top Three: 3 Aggressive w/ Spillover Are there three Yes aggressive incidents WITH spillover? No Top Three: 2 Aggressive w/ Spillover Query 1 conflict Is there at least one Are there at least two Yes Top Three aggressive incident Yes 1 Aggressive w/ Spillover 2 Aggressive w/out Spillover aggressive incidents WITH spillover? WITHOUT spillover? No No Is there at least one Yes 1 Aggressive w/ Spillover aggressive incident 1 Aggressive w/out Spillove Query 1 conflict WITHOUT spillover? No Top Three 1 Aggressive w/ Spillover Query 2 conflict Are there three Of the top three most Top Three: Yes ssive w/out Spillove Yes 3 Aggr aggressive incidents aggressive, is at least WITHOUT spillover? one involving IPA and one PCA*? No Top Three: Of the top three, is Yes Yes Is there only IPA 3 Aggressive w/out Spillover there only IPA aggression for all No aggression? aggressive incidents? No No 2 Aggressive w/out Spillover 1 Aggressive w/out spillover with PCA** Is there only PCA Top Three: Yes Yes Of the top three, is 3 Aggressive w/out Spillover aggression for all there only PCA* aggressive incidents? No 2 Aggressive w/out Spillover 1 Aggressive w/out spillover with IPA** Are there two Top Three Of these two, is at Yes 2 Aggressive w/out Spillover Yes least one involving aggressive incidents Query 1 conflict WITHOUT spillover? IPA and one PCA*? No No Is there only IPA Yes 2 Aggressive w/out Spillover Query 1 conflict (at least 1 PCA) aggression? No Yes 2 Aggressive w/out Spillover Is there only PCA* Query 1 conflict (at least 1 IPA) aggression? * For PCA incidents, the reporting parent must have Is there one been involved or present during the incident. Yes No Is it only IPA Is it only PCA* aggressive incident WITHOUT spillover? aggression? aggression? **When the top three aggressive incidents only contain one type of relationship (IPA or PCA) but less Yes Yes severe incidents contain the other type of Top Three: 1 Aggressive w/out Spillover Top Three relationship, the interviewer will use the top two ssive w/out Spillove Aggr most severe incidents regardless of relationship (e.g., Query 2 conflicts (at least 1 IPA) Query 2 conflicts No IPA) and a less severe incident with the missing type (at least 1 PCA) of relationship (e.g., PCA). Query for most IPA = intimate partner aggression stressful or upsetting PCA = parent to child aggression conflicts until three are Spillover = IPA and PCA in same incident identified

Top three incidents/conflicts should always be the most aggressive (greatest number of behaviors) or the highest level of conflict, unless indicated otherwise.
