Timothy Stickle	Colin Vize	Dustin B. Wygant
Takakuni Suzuki	Glenn Waller	Melissa Jean Zielinski

* Denotes a pre-doctoral reviewer, who co-reviewed under the supervision of a primary reviewer.

Call for Nominations

The Publications and Communications (P&C) Board of the American Psychological Association has opened nominations for the editorships of the *Journal of Experimental Psychology: Animal Learning and Cognition*, *Neuropsychology*, and *Psychological Methods*. Andrew R. Delamater, PhD, Keith Owen Yeates, PhD, and Douglas L. Steinley, PhD, respectively, are the incumbent editors.

Candidates should be members of APA and should be available to start receiving manuscripts in early 2025 to prepare for issues published in 2026. The APA Journals program values equity, diversity, and inclusion and encourages the application of members of all groups, including women, people of color, LGBTQ psychologists, and those with disabilities, as well as candidates across all stages of their careers. Self-nominations are also encouraged.

Search chairs have been appointed as follows:

- *Journal of Experimental Psychology: Animal Learning and Cognition*, Chair: Mo Wang, PhD
- *Neuropsychology*, Chair: Hortensia Amaro, PhD
- *Psychological Methods*, Chair: Mo Wang, PhD

Nominate candidates through APA's Editor Search website (<https://editorsearch.apa.org>).

Prepared statements of one page or less in support of a nominee can also be submitted by email to Jen Chase, Journal Services Associate (jchase@apa.org).

The deadline for accepting nominations is Monday, January 8, 2024, after which the first phase of vetting will begin.
